U-PL and RAPTOR are registered trademarks of U-POL Ltd © 2024. All other trademarks are property of their respective owners.

THE RAPTOR BRAND, GLOBALLY RECOGNIZED AS AN INDUSTRY-LEADING PROTECTIVE COATING, IS RAPIDLY BECOMING THE PREFERRED CHOICE FOR AUTOMOTIVE DEALERSHIPS AND COLLISION REPAIR SHOPS.

Aside from its unparalleled U.V. resistance and durability, RAPTOR also meets several testing certifications that are critical to the automotive market. Here are some of the other reasons why the professionals are turning to RAPTOR.

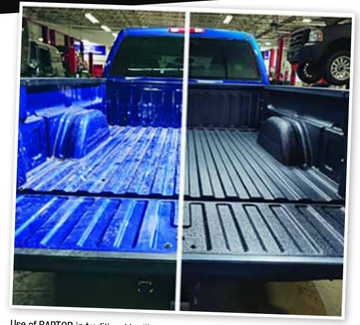

www.raptor-suisse.ch

REASON #1

IMPROVE THROUGHPUT AND PROFITABILITY WITH IN-SHOP BEDLINER INSTALLATIONS

Reduce key-to-key times and unlock your earnings potential by completing all new bedliner installations in-shop with common spray equipment in the shop. You control the process, set the price, and earn the profit instead of sending work out to a third party.

Use of RAPTOR in traditional bedliner application.

REASON #2

CREATE VEHICLE UPGRADE PACKAGES FOR CUSTOMERS

In addition to bedliner, you may also create custom upgrade packages to wheels and other vehicles accessories. With RAPTOR, the opportunities are endless for upselling protection packages with their vehicle purchases.

Tintable RAPTOR with various textures to create upgrade package at dealership.

REASON #3

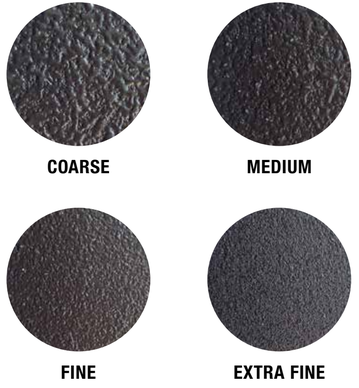

DUPLICATE A VARIETY OF OEM TEXTURES WITH EASE

Aside from the potential to create vehicle upgrades, RAPTOR's durable, two-component coating also doubles as a chip guard and OEM texture replacement product, which helps lower the number of SKUs you need to manage in inventory.

RAPTOR is available in black and tintable, can be painted or used as a textured topcoat. Apply RAPTOR to match a variety of OEM textures from extra fine to coarse, and list the cost of materials as a billable item on repair orders.

Tintable RAPTOR applied as a protective chip guard coating over waterborne basecoat.

See the RAPTOR Texture & Equipment Selector Guide for spray applications and step-by-step guidance

REASON #4

RAPTOR IS EASY-TO-USE, AND EASY TO STORE ON YOUR MIXING BANK

There are many ways to apply and achieve various textures with RAPTOR whether by brush, roller or spray equipment. You may also easily store unused RAPTOR gallons on a mixing bank with a Dedoes or Fillon mixing lid, agitate, and use on future jobs.

REASON #5

CHOOSE WHAT YOU NEED FROM A FULL SYSTEM OF PRODUCTS, START TO FINISH

The RAPTOR system includes a range of preparation products, including Adhesion Promoter for plastics, Etch Primer and Epoxy Primer, application guns and additives like Traction Control, which helps create anti-slip surfaces. There are also a variety of 1K and 2K RAPTOR aerosols available for small jobs and touch up repairs.

REASON #6

RIGHT-SIZE THE AMOUNT YOU NEED. RAPTOR IS AVAILABLE IN SEVERAL SIZES

In addition to gallons, RAPTOR may be special ordered in drums for larger applications or applicators who will regularly require more material. RAPTOR is also available in quart bottles in case you need more material than a catalyzed gallon yields. For reference, one activated quart covers approximately 21.5 square feet (2 square meters) with 2 coats.

REASON #7

TECHNICAL EXPERTS ARE AVAILABLE FOR SUPPORT AND TRAINING

RAPTOR is one of the many products that we sell. We have dedicated field support and technical training managers available to answer inquiries and provide in-person and digital trainings as needed.

Please visit the "HeadStart Training" section at www.u-pol.com for online training about RAPTOR and U-POL products.
